- IPX4 water-resistant rating - sealed box design
- Tempo control
- Battery or AC-powered
- Handheld wireless microphone transmitter included
- Bluetooth 4.0 playback
- SD/USB media playback
- XLR combo Mic/Line input
- 3.5mm TRS AUX input

Overview:

The Commander Sport is an all-in-one, water-resistant, sub-compact PA system. This portable system operates on its internal rechargeable battery or AC power. Because of its IPX4 water-resistant design, it can be used in applications around swimming pools, water parks, and outdoor venues. A handheld UHF wireless microphone is included, along with the capability to play audio from Bluetooth devices, USB, and SD media. There is also an XLR/TRS combo jack for a wired MIC/LINE input. Tempo control is also featured for custom playback during exercise and water aerobics. This two-way speaker has all the features required for professional sound on-the-go, along with a luggage handle and wheels for easy transport and quick set-up.

Specifications:

Speaker

Tweeter: 3" (80mm)
